

It seems life has played a game on me  
I´m lost in a sea of misery  
My love has turned away from me  
Heartache why won´t you let me be

Baby have some mercy  
Please don´t make me beg on bended knee  
oh please

Mercy mercy mercy please  
Have mercy on me  
Mercy mercy mercy please

How can I face life without you  
What would I do if we were through

I wait for you ev´ry single night  
Hoping you´ll return an make things right  
You don´t show and I´m left all alone  
To pray you´ll call me on the phone

Baby have some mercy  
Please don´t make me beg on bended knee  
oh please

Mercy mercy mercy please  
Have mercy on me  
Mercy mercy mercy please

You know I love you I´m begging  
For one more chance one chance one chance
